

2 November 2022

Dear Families

Forest School Open Event and OPAL

A Forest School extra-curricular club will be happening after the Christmas holidays when the nights are getting lighter again and the site is useable after the school day. In preparation for that, I would like to invite you to come to explore the Forest School site with your child/children after school and experience a taster of some popular Forest School activities: den building, mud kitchen and imaginative play. I know the children are very excited to be able to have a fire but I will not be able to offer that as part of this taster experience.

The site will be open **3.30 - 4.30pm** on **Monday 7 and Tuesday 8 November**. Please be mindful that this may have to be rescheduled on the night due to weather conditions. If you are attending, it is advised to wear a warm, waterproof coat as this event is outdoors.

There will be hot chocolate and hot squash available to purchase in exchange for a donation to go towards the maintenance of the Forest School site and resources.

This is an opportunity to explore the site which is now also open for the children at lunchtime as part of OPAL. Every child should be coming to school every day with a warm, waterproof coat and they can now leave wellington boots (named) in school to change into for lunchtime as the Forest School site can get muddy and wet.

If you have any questions, please contact the school office who will forward them to myself and I will get back to you.

Yours sincerely

E. Salter
